PHYSICAL DESCRIPTION: Describe present appearance of structure/site, then contrast and compare that with it's original appearance, noting additions, alterations, and changes in materials. Discuss significant architectural features.

This two-story wood frame rectangular residence has a gable roof, a shed roof enclosed back porch, and a hip roof enclosed front porch. Other features include a tall brick interior chimney, enclosed, molded eaves, 1/1 double-hung windows, row 1/1 double-hung windows in the seven-eighths front porch, cement foundation with fixed windows. Modern materials include asphalt roof shingles, some aluminum storm windows, aluminum storm door and masonite siding.

To the rear of the property is an unequal gable roof garage with asphalt roof shingles, masonite siding, casement hung diagonal support garage doors and wood and glass panel rising garage doors and a cement foundation.

This is a contributing structure.

Location map or building plan with arrow north.
