PHYSICAL DESCRIPTION: Describe present appearance of structure/site, then contrast and compare that with it's original appearance, noting additions, alterations, and changes in materials. Discuss significant architectural features.

A square one-story log residence with gable roof, three extensions and concrete foundation. Roof has composition shingles, with interior brick chimney, eaves with fascia. Gable end of residence has vertical board siding. Windows are wood-frame double hung 2/2 with wood surround and sills. Front door is wood-frame with panels and one light. Rear bedroom extension has shed roof, composition sheet siding and fixed wood frame window with wood surround. Two recent shed roof side additions (a porch and cover for basement entry) are located on west side of residence. Former has composition siding with end boards and corrugated metal roof, the latter vertical board panel siding and composition shingle roof. Property and next lot north have large garden.
